

ZAMBIA HUB PROFILE

PURETRANS LOGISTICS **ZAMBIA** **LTD**

Your premier logistics and warehousing partner in Copperbelt Zambia and the broader Southern African Region, powering seamless mineral corridors and global supply chain solutions.

ESTABLISHED 2022 • NDOLA, ZAMBIA

GLOBAL STANDARDS, LOCAL EXPERTISE

Broad Regional Footprint

The Puretrans Group is a strong logistics network operating across key trade routes in Southern Africa.

We deploy more than **200+ trained professionals** across 6 countries (Zambia, Democratic Republic of Congo, Angola, Tanzania, South Africa, and Mauritius).

Southern African Connectivity

Our hub network helps us move goods efficiently across borders, connecting the Copperbelt mining areas with major seaports.

By blending physical assets with deep regional compliance expertise, we minimize transit times and secure your global supply chain pipeline.

OUR STRATEGIC INTENT & PRINCIPLES

Company Vision

We strive for excellence in everything we do, driven by a sense of urgency and a wish to meet all our customer needs. Our personal touch is our corporate signature.

Our Mission

To ensure customer requirements for end-to-end supply chain solutions and high-level operational services are expertly understood, meticulously planned, and reliably met.

Our Commitment

We deliver on our promises with absolute precision and performance guarantees. We align our operations to safeguard your high-value cargo from dispatch to final delivery.

THE PURETRANS NETWORK POWER

Our operations are backed by a strong network of associated entities. Together, we constitute a single integrated logistics engine delivering custom supply chain solutions throughout the Southern African region.

SLS Trading

Specialized commodity trade, procurement, and supply solutions across regional markets.

Open Corridor Logistics

Operating the Angolan corridors : Lobito and Luanda. With operational hubs in Luanda and Luau

PureTrans DRC

The main coordination center for logistics, customs, and warehousing operations in the DRC Copperbelt region.

PureTrans Tanzania

Connecting Copperbelt to Dar es Salaam and Tanga, two of the region's main seaports.

ConnexAfrica Group

our sister company responsible for customs clearance across the region and its major trade corridors.

STRATEGIC REGIONAL STORAGE

Overview

PURETRANS provides premium warehousing across strategic Southern African hubs.

- **Ndola Facility:** 12,500 m² of covered storage for up to 31,000 MT of cargo.
- **Kolwezi Facility:** State-of-the-art 14,000 m² warehouse housing up to 45,000 MT of copper, cobalt, or chemical reagents.
- **Security:** Both sites operate under peak security protocols.

Both sites feature advanced yard management systems, specialized cargo handling equipment, and direct corridor access.

Our Zambia Footprint

Puretrans Logistics Zambia Ltd was established in 2022 to serve as the group's highly efficient operational hub on the Copperbelt, based strategically in Ndola.

With an expansive secured area, the hub provides full consolidation, storage, and cross-docking services for bulk minerals, heavy equipment, and reagent chemicals transiting the regional corridors.

Cross-Border Haulage Fleet

We operate a high-capacity fleet of 32MT trailers engineered for cross-border haulage. Beyond our owned fleet, our group fully finances a pool of over 500 subcontracted trucks. This extensive logistics network operates continuously across DRC, Zambia, Tanzania, and South African road and rail corridors.

All vehicles are fully monitored via 24/7 satellite tracking systems to guarantee optimal security and timeline precision.

OUR ZAMBIA CORRIDORS & REGIONAL PRESENCE

SPECIALIZED HANDLING EQUIPMENT

Asset Classification	Fleet Size	Capacity Details	Operational Function
Trailer Trucks	50 Units	32 MT Capacity Each	Primary long-haul and cross-border mineral transit.
Heavy Forklifts	2 Units	3.5 MT Lift Capacity	Specialized handling for dense cobalt, copper, and reagents.
Standard Forklifts	5 Units	3.0 MT Lift Capacity	Palletized warehouse storage and cross-docking loading.
Weighbridge	1 Unit	100 MT Capacity	In-bound/out-bound verification and tonnage certification.

INFRASTRUCTURE & SECURITY CONTROLS

Modern Operations & Admin Buildings

Our 300 m² headquarters brings together our logistics and client service teams, with an on-site service station to maintain our fleet.

Sized Marshalling & Secure Parking

We operate an expansive 25,000 m² secure parking area with a designated layout capable of accommodating up to 200 heavy transport vehicles concurrently, minimizing congestion and risk.

Robust Perimeter Protection

Our entire facility is completely enclosed by a 3.5-meter high perimeter wall, heavily fortified with continuous active electric wire systems and backed by 24/7 armed security patrols.

TRUSTED BY MAJOR MINING & TRADE COMPANIES

PURETRANS is proud to serve as a key logistics and warehousing partner for many of the largest mineral, trading, and engineering enterprises operating across the Southern African region.
